

THE NEW AquaVantage™ AV

THE TRIPLE ADVANTAGE IN FLUSH VALVE PERFORMANCE.

The Zurn AquaVantage, the number one flush valve in chloramine and chemical resistance now introduces the only flush

valve with triple filtration of the by-pass. An integral clog-resistant triple filter prevents run-on due to debris in the water system and contributes to a more consistent and efficient flush.

The winning combination of chemical resistance, clog-resistance and dual-seal technology gives you the performance advantage.

LET PERFORMANCE
BE YOUR GUIDE.

**Zurn AquaVantage
Flush Valves.**

ADVANTAGE 1

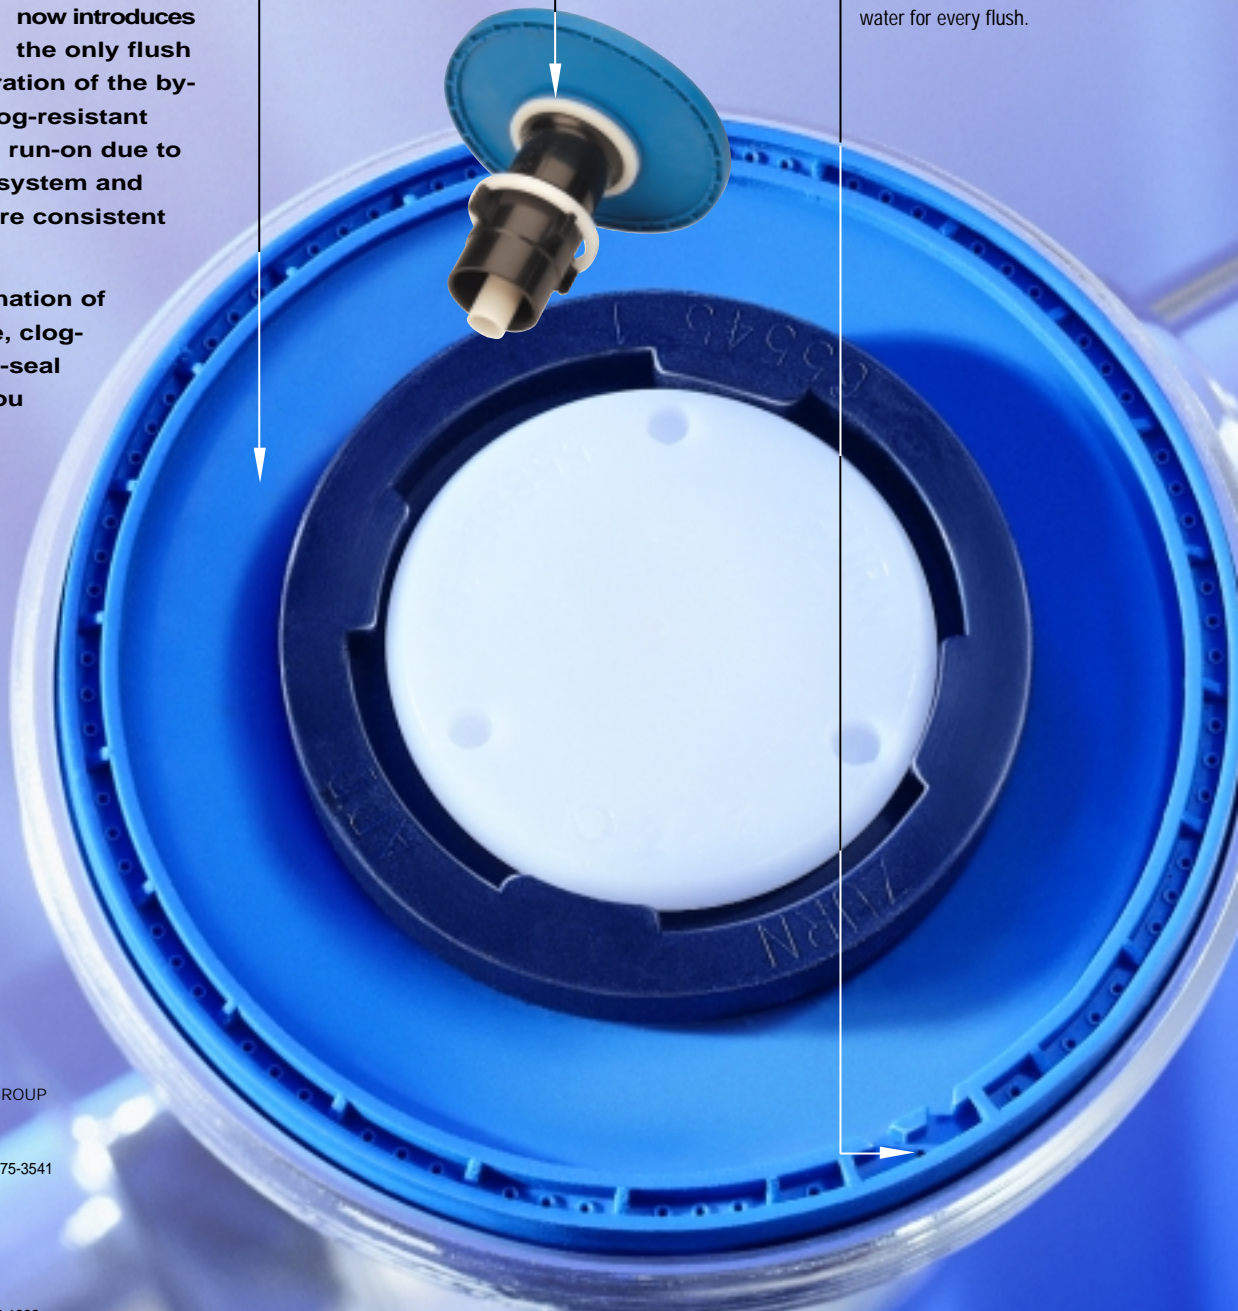

CHEMICAL RESISTANT.
TPE diaphragm material provides for enhanced performance and extended life.

ADVANTAGE 2

DUAL-SEAL TECHNOLOGY.
A secondary seal on the underside of the diaphragm ensures a positive shut-off.

ADVANTAGE 3

TRIPLE FILTERED BY-PASS.
An integral clog-resistant triple filter by-pass, prevents run-on due to debris and contributes to a more consistent volume of water for every flush.
