

# The QickPort® Manifold is better than ever!

Corrosion resistant polymer and stainless steel construction ensure durability and longevity for Zurn's redesigned QickPort® Manifold. Optimized port configurations with full-flow ball valves can be installed with ease using PEX tubing and the corrosion resistant QickSert CR™ fitting system. Decorative access panels provide a finished look for any installation. Three port modules mean fewer assembly connections and less potential for leaks. Factory assembled and tested, the QickPort Manifold is proven to function at optimum performance before it even leaves our doors. One more way Zurn looks out for you. Zurn... tomorrow's plumbing solutions today.

## QickPort® Manifold

- Delivers hot water faster
- Eliminates temperatures and pressure fluctuations
- Reduced overall length
- Optimized port configurations
- Exclusive Add-A-Port® compatibility

## Ball Valves

- Full flow inlet/outlet
- Solid brass construction
- Built-in easy turn lever handle

## Access Panel

- Decorative cover panel
- Paintable surface
- Lightweight ABS material

## PEX Tubing

- Clean and sanitary
- No harmful solvents
- No mineral build-up
- No water hammer
- Proven quality and reliability

## QickSert CR™

- Corrosion resistant
- Crush resistant
- Certified by NSF

# VERSATILE MANIFOLD CONNECTIONS

Zurn PEX QuickPort provide many options to simplify inlet and outlet connections (connections sold separately).

## MANIFOLD INLET OPTIONS

**QFNCR4QP**  
3/4" QuickTite Full Port Connection - works with Zurn PEX, copper, and CPVC tubing

**QQSFC45X and QQSFC55X**  
3/4" and 1" QuickSert I® Swivel Connections

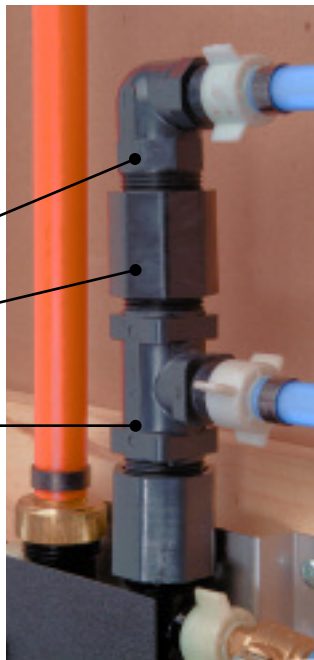

**QOTFC45X**  
3/4" MIP Adapter

**QTC5FB**  
1" Manifold Cap

## Unique Zurn ADD-A-PORT® System

Add-A-PORT is an exclusive Zurn PEX feature that allows the plumbing professional the versatility to accomplish today's ever-changing project needs.

**QE53TQP and QE55TQP**  
1/2" and 1" elbows accept outlet and inlet connections

**QC55FQP**  
ADD-A-PORT couplings

**QT553TQP and QT555TQP**  
1" x 1" x 1/2" and 1" x 1" x 1" tees accept outlet and inlet connections

## MANIFOLD OUTLET OPTIONS

**QPBV2X and QPBV3X**  
3/8" or 1/2" Swivel Ball Valves with Crimp Connection

**QTC3FQP**  
1/2" Manifold Cap seals unused ports and allows for future use.

**QFNCR2QP and QAFA33FQP**  
3/8" or 1/2" QuickTite Full Port Manifold Connections - works with Zurn PEX, copper, and CPVC tubing

**QQSFC23XP and QQSFC33XP**  
3/8" and 1/2" Swivel Connections with Plastic Nuts

**QQSFC23X and QQSFC33X**  
3/8" and 1/2" Swivel Connections with Brass Nuts

## MANIFOLD SIZE OPTIONS

Available with or without 3/8" or 1/2" swivel ball valves

### **QPPM3H9C**

3 hot - 9 cold ports

### **QPPM6H12C**

6 hot - 12 cold ports

### **QPPM9H15C**

9 hot - 15 cold ports

### **QPPM12H18C**

12 hot - 18 cold ports

### **QPPM15H21C**

15 hot - 21 cold ports
