

High Efficiency Toilet and Carrier System

EcoVantage® 1.1 gpf [4.2 Lpf] and EZCarry™

Solving the puzzle of **true** paired performance

Zurn is the only manufacturer to offer a high efficiency carrier and a 1.1 gpf wall bowl system, providing a complete solution with labor savings and added performance from rough-in through finish trim installation. The 1.1 gpf ZTR flush valve and wall bowl combined with an optimized trap and carrier interface propelling waste farther.

This high efficiency restroom solution achieves industry leading line carry that no other manufacturer can provide.

Feature and Benefits

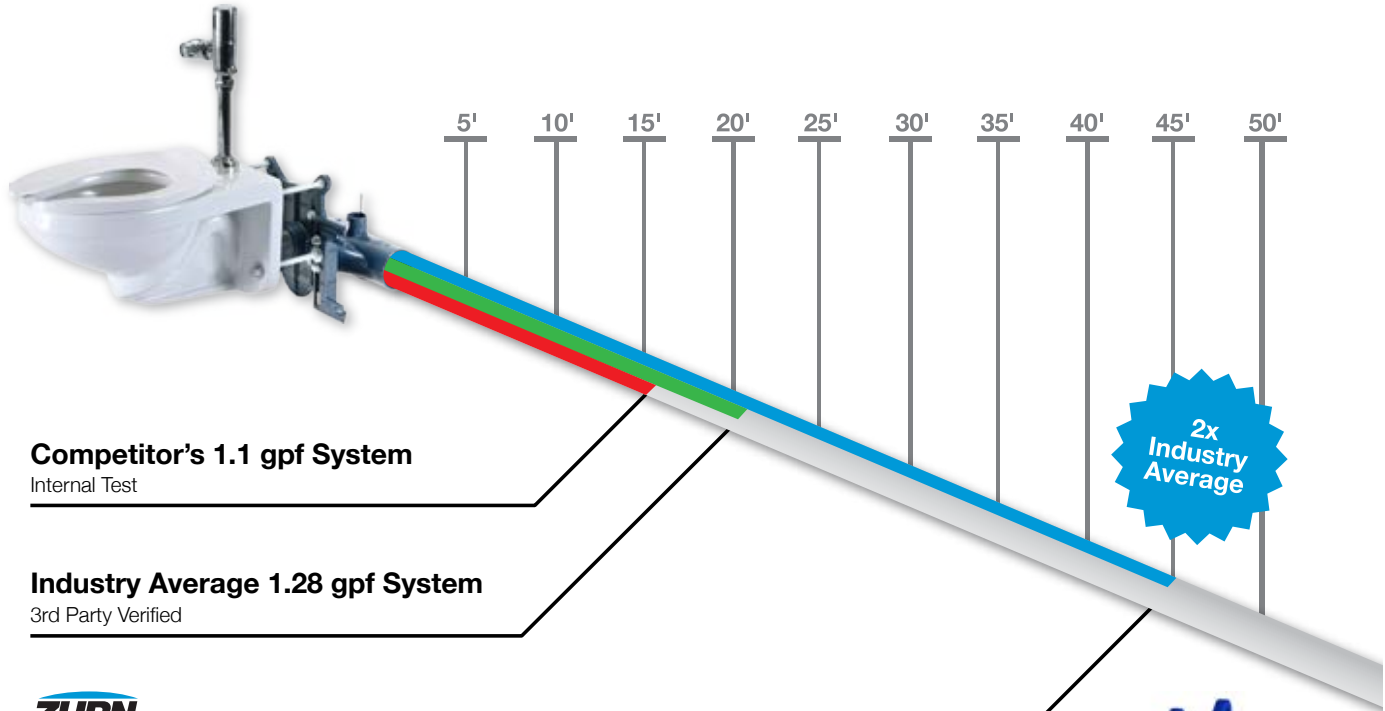

- Innovative wall bowl & carrier design; engineered together to deliver reliable, consistent, and money saving results
- 31% water savings over 1.6 gpf systems
- Helps in achieving LEED® 30% threshold
- Evacuate waste up to two times farther
- Alleviates line carry concerns with low flow specifications
- Reliable, quick carrier installation that is 30% Lighter with additional labor saving accessories
- 3-year warranty with the convenience of one manufacturer to call on for all your needs
