

Z6953-XL-CV Series Smart Sensor Faucet

Gear up for smart, proven performance

What if you could gain valuable insights and years of performance? Smart Sensor Faucets with EZ Gear Technology operate hassle-free, hands-free and intuitively. It starts inside with fewer parts and intelligent engineering. The dual action of the ceramic disc cartridge and proven motor gear takes it from cycle one to one million.

The precisely positioned sensor detects users without delay or wasting water. Finally, we enhanced touchless with smart technology. Real-time data makes it easier for you and your team to maintain a clean, efficient restroom for guests.

Z6953-XL-CV-W1
CAMAYA SERIES

Reduce Germs and Concern

- Promote hand hygiene and health
- Display real-time wash scores
- Meet CDC guidelines

Reduce Maintenance Costs

- Order parts based on usage
- View automated maintenance calendar
- Schedule repairs and cleaning around usage
- Optimize resources and costs

Reduce Water Consumption

- Review water consumption trends
- Discover ways to cut back
- Detect issues in real time
- Prove LEED points with data

Reduce Operational Stressors

- Monitor performance 24/7
- Set alert parameters and permissions
- Pinpoint peak usage and hours

Connect a Better Experience

- Keep toilets working and staff on task
- Create a cleaner, smarter restroom
- Leave a positive user impression

Inside the Technology

Lasting

Replacing old compression sealing technology, ceramic disc cartridges withstand 1,000,000 cycles.

Proven

Time-tested motor gear operation provides a soft close for effortless, quiet water flow.

How It Works

Using sensors, Zurn Smart Faucets monitor performance and offer insights by gathering data, such as activations and water usage. The data collected gets communicated from the sensor to the Zurn Gateway. From there, the LAN or LTE* connection transports the product data to a secure Zurn Cloud. The secure Zurn Cloud analyzes your data to deliver real-time insights to plumbSMART**.

Facilities managers and maintenance personnel can receive alerts via email, text and/or push notifications based on their customizable parameters and permissions. The portal also reveals patterns and trends to allow for a deeper dive.

Install the Zurn Gateway within 1,000 feet from the smart product. Register the smart product in plumbSMART. The Zurn Gateway and plumbSMART can support your entire Zurn Smart Products portfolio.

**LTE charges will apply to basic plans*

***plumbSMART is free-to-connect to a basic plan with an option to upgrade to a premium plan*

Z6953-XL-CV-W1

Camaya Series with EZ Gear Technology

ADA compliant, AC powered, chrome-plated sensor faucet for retrofit and new construction

Product features include:

- Occupant detection
 - Infrared convergence-type proximity sensor
 - 30 second timeout feature
- Spout module
 - Standard chrome-plated cast brass
 - Two finishes
- Long life motor-driven ceramic valve

Flow Control Options:

- ES* 1.5 gpm/5.7 Lpm Aerator
- FS 0.5 gpm/1.9 Lpm Spray
- JS* 1.5 gpm/5.7 Lpm Laminar
- LS* 1.0 gpm/3.8 Lpm Aerator
- MS 0.35 gpm/1.3 Lpm Spray

Suffix Options:

- MV Temperature Mixing Valve
- SH Supply Hoses for Mixing Valve
- TMV-1 Thermostatic Mixing Valve for Single Faucets

Power Options:

- ACA 6 VDC Plug-In Power Converter
- HW6 Hardwired Power Converter
- CWB Connector Wire for Hardwire Install (7 ft)
- CWB-1 Connector Wire for Hardwire Install (20 ft)
- MJ Mini Junction Box
