

Dimensional data (inches and [mm]) are subject to manufacturing tolerances and change without notice.

Installation kit contains one plastic connector, two metal connector brackets, four #8 x 5/8" button-head screws and four legs.

Lay the two basins side by side on the floor so they are upside down and facing the same direction.

Attach the plastic connector to the four towel bar lugs on the underside of the sinks using the four screws provided.

Insert the metal connector brackets into the leg slots as shown. Tap gently with a hammer if the fit is tight. Insert the four legs in the four remaining leg slots.

Warranty

No warranty is implied or given. Zurn Light Commercial shall not be responsible for any labor charges or any loss, injury or damages whatsoever, including incidental or consequential damages. Zurn Light Commercial agrees to repair or replace any part or parts which examination, by an authorized Zurn Light Commercial representative, proves to be defective in workmanship or material, within one year from date of purchase. This guarantee does not include the repair or replacement required because of misuse, abuse, or excessive wear and tear. Repairs made by anyone other than a designated representative relieves Zurn Light Commercial of further liability under this guarantee.
