

# 6-Zone Expandable Pump Relay Control – QHMZ6P

## Specification Sheet

Tag \_\_\_\_\_

Dimensional Data: Inches and [mm] are subject to manufacturing tolerances and change without notice.

**Engineering Specification:** Zurn 6-Zone Expandable Pump Relay Control. 120VAC power input with 20 amp combined maximum load. Allows easy connections of 120VAC circulator pumps. The isolated end switch allows easy boiler connection. The Relay Control utilizes standard “ice cube” field replaceable relays. Controller is fully fused protected and includes a built-in domestic hot water priority switch. Connections are a reliable screw type connector. Controller has external indicator lights for each zone. Unit is expandable up to 20 zones and has a pre-wired power control plug for a Zurn Outdoor Reset and Injection Mixing Module. Controller is UL and CSA Approved.

### Accessories

— QHMVPOR	Outdoor Reset and Injection Mixing Module
— QHMZ4P	4-Zone Pump Relay Control
— QHMZ6P	6-Zone Pump Relay Control
— QHSTHAC	Digital Heat/Cool Thermostat
— QHSTHO	Digital Heat-Only Thermostat
