Zurn Fire Protection Solutions
Smarter Solutions, Wider Selection
We're Solving Smarter

At Zurn, we aren’t just a product and service provider, we’re problem solvers – continuously focused on water control, safety and conservation. From our drain systems and interceptors to our finish plumbing, piping systems, and of course, our full line of fire protection solutions, we are known throughout the industry as a reliable leader.

“Zurn meets our expectations with its selection, level of quality, and timely delivery. I was able to find the valve configurations to complete my system. I appreciate the positive shutoff of the OS&Y gate valves. Not to mention, I didn’t have to wait a week to get material.”

Full Line. Full Compliance.

It's nice to have selection. It's even better if you can find it all through one manufacturer.

From backflow to every valve in between, complete your system with our Fire Protection Solutions. Our products work together and always meets compliance, so you’ll gain peace of mind, yet save some time.

**Backflow Preventers**

Enhance the service life of your fire protection system and avoid cross-contamination to your potable water supply by installing one of our patented backflow preventers.

**Fire Valves**

Globe or angle body configurations, grooved or threaded connections, our fire valves install how you need them to without a hitch. They are a reliable choice with more options, reliable performance and the lowest lifecycle costs.

**Automatic Control Valves**

Fire systems can be complex with multiple controls for ranging functionality. Automatic control valves provide steady downstream pressure, allowing high flow rates without risk.

**Shut-Off Valves**

Whether it’s a simple repair or an emergency, turn off the source quickly without affecting your system. Our shut-off valves feature low torque actuation that’s easy to maneuver time and again without fail.

**Pressure Relief Valves**

Take some pressure off of your system – these guys are built to handle it. Our pressure relief valves automatically curb buildup whenever the line exceeds the desired setting.

**Stainless Steel Wilkins Building Riser (WBR)**

When it comes to getting to the source, we’ve got you covered. With all stainless steel construction and intuitive installation, you can connect your building to the outside water supply line with fewer joints and without concern.
Backflow Preventers

Zurn is recognized as the market leader in backflow products delivering innovative solutions with the lowest cost of ownership.

Double Check Assemblies (DC)
Low hazard protection

Small Diameter Models: 350, 950XLT

Large Diameter Models: 350, 350A, 350AST, 350AR, 350ASTR, 450, 450ST, 450STR
Double Check Detector Assemblies (DCDA)
Low hazard protection with a metered bypass to detect leaks and unauthorized water use in unmetered fire sprinkler systems

Small Diameter Models: 950XLTDABFSS

Large Diameter Models: 350DA, 350ADA, 350ASTDA, 350ADAR, 350ASTDAR, 450STDAR, 450DA, 450STDA
Reduced Pressure Principle Assemblies (RP)
High hazard protection

Small Diameter Models: 375, 975XL

Large Diameter Models: 375, 375A, 375AST, 375AR, 375ASTR, 475, 475ST, 475V, 475STV, 475STR, 475STRV

375 1/2"-1"
375 1-1/4"-2"
975XL 3/4"-2"

375 2-1/2"-10"
375A 2-1/2"-10"
375AST 2-1/2"-10"
375AR 2-1/2"-10"

375ASTR 2-1/2"-10"
475 2-1/2"-10"
475ST 4"-10"
475V 4"-10"

475STV 4"-10"
475STR 4"-10"
475STRV 4"-10"
Reduced Pressure Detector Assemblies (RPDA)
High hazard protection with a metered bypass to detect leaks and unauthorized water use in unmetered fire sprinkler systems

Large Diameter Models: 375DA, 375ADA, 375ASTDA, 375ASTDAR, 475DA, 475STDA, 475DAV, 475STDAV, 475STDAR, 475STDARV

Single Check/Dual Check
Non-hazardous applications

Models: 310/310DA, 700XLFP
Shut-Off Valves

Models: 48OSY, 48OSYG, 480OSYGXF, F480S&YF, 48PI, 49, F49, F49BR, F49BRG

Test and Drain Valves

Model: FTD

FTD 1”-2” Inline Body

Riser Equipment

Commercial Risers

Models: FEZR, F210R

FEZR 2”-6”
Standard: riser comes standard with test and drain valve, water flow detector switch and a pressure gauge

F210R 2”-6”
Optional (Sold Separately)*: Riser Check Trim Kits (Model CheckTrim)

Check Valves

Model: F210

F210 2”-8” Check Valve

Switches

Models: BVMS, OSY-40

BVMS 5/4” - 2”
Ball Valve Monitor Switch

OSY-40 2-1/2” - 12”
Gate Valve Supervisory Switch

Backflow Accessories

Setters, Air Gap Drain, Repair Kits, Test Kits

Valve Setters 2-1/2"-10"
FLS, MJFS, MJJS

Valve Setters 400ST Series 4"-10"
FLSST, MJFSS, MJJSS

Air Gap Drain 1/4"-10"
A6-6 through A6-14

Test Kits

Repair Kits
many different kits available for all models and sizes
Pressure Reducing Valves

**Field Adjustable Models:** Z3000, Z3005, Z3004, Z2100, Z2105

- **Z3000** 2-1/2”
  - Inlet: FNPT or Grooved
  - Outlet: NHT
  - Option: Special Thread

- **Z3005** 2-1/2”
  - Inlet: FNPT
  - Outlet: FNPT
  - Option: Special Thread

- **Z3004** 2-1/2”
  - Inlet: FNPT or Grooved
  - Outlet: FNPT or Grooved

- **Z2100** 1-1/2”
  - Inlet: FNPT
  - Outlet: NHT
  - Option: Special Thread

- **Z2105** 1-1/2”
  - Inlet: FNPT
  - Outlet: FNPT
  - Option: Special Thread

**Factory Set Models:** ZW4100, ZW4104, ZW4000, ZW4004

- **ZW4100** 1-1/2”
  - Inlet: FNPT or Grooved
  - Outlet: NHT
  - Option: Special Thread

- **ZW4104** 1-1/2”
  - Inlet: FNPT or Grooved
  - Outlet: NHT
  - Option: Special Thread

- **ZW4000** 2-1/2”
  - Inlet: FNPT or Grooved
  - Outlet: NHT
  - Option: Special Hose Thread

- **ZW4004** 2-1/2”
  - Inlet: FNPT or Grooved
  - Outlet: FNPT or Grooved

Pilot Operated Valves (ACV)

Models: ZW209FP, ZW215FP, ZW205FP

ZW209FP 1-1/2"-10"
Pressure Reducing Valve

ZW215FP 2"-10"
Fire Pump Suction Control Valve

ZW205FP 2"-10"
Pressure Relief Valve

Fire Department Connections

Model: FDC2

FDC2 4" NPT x 2-1/2" NH
Options: Back Inlet, Bottom Inlet

Relief Valves

Model: P4000A

P4000A 1/2", 3/4"
Pressure Relief Valve

Couplings and Fittings

Models: FP23, FP52, FP53, FP56, FP3, FP63, FP8, FP51

Couplings

FP23 Types: Reducing, Rigid (R), Flex (F)
Sizes: 1"-10" (Rigid), 1-1/4"-10" (Flex),
1-1/2" x 1-1/4" to 3" x 2-1/2" (Reducing)

FP3 1-1/4"-8"
Caps

FP52 1-1/4"-10"
Types: 90 Degree Short (S), 90 Degree Standard,
45 Degree (-45), 22.5 Degree (-22), 11.25 Degree
(-11), End of Run Adapter (GTF)

FP53 1-1/4"-10"
Types: Tee Short Radius (S), Tee Standard Radius,
Reducing Branch Tee (R)

FP56 2"-10"
Crosses

FP51 2"-10"
Type: Concentric

Elbows

FP52 1-1/4"-10"
Types: 90 Degree Short (S), 90 Degree Standard,
45 Degree (-45), 22.5 Degree (-22), 11.25 Degree
(-11), End of Run Adapter (GTF)

Mechanical Tees

FP63 1-1/4"-8"
Types: Grooved (G), Threaded (TF), U-bolt (LTf)

Grooved Flanges

FP8 2"-10"
Type: Grooved Split

Grooved Reducers

FP51 2"-10"
Type: Concentric
Zurn Engineered Water Solutions® is a recognized leader in commercial, municipal, and industrial markets, delivering sustainable building solutions for new construction and retrofit applications. At Zurn, we are committed to providing smart solutions that save both time and money. Our goal is serving the customer through innovation, continuous improvement, and assurance behind every installation. Choose Zurn as a reliable, recognized manufacturer to supply your entire installation, from behind the wall rough-in, to finish trim product and fixture systems.
