**plumbSMART™**
POWERED BY ZURN

ZURN®

Connected Battery Z6950 Series Sensor Faucet

Cut Down on Germs, Costs and Water Use

Today, your restroom comes under scrutiny more than any other space in your building. Be confident in your environment and the user experience.

Zurn Connected Faucets, powered by plumbSMART™, combine touchless sensors and IoT technology to keep hands off fixtures and staff on task. What's more? It's easy to install. Connect your plumbing to save costs, stay ahead of cleaning and maintenance, and satisfy guests.

Reduce Germs and Concern
- Promote hand hygiene and health
- Display real-time wash scores
- Meet CDC guidelines

Reduce Maintenance Costs
- Order parts based on usage
- View automated maintenance calendar
- Schedule repairs and cleaning around usage
- Optimize resources and costs

Reduce Water Consumption
- Review water consumption trends
- Discover ways to cut back
- Detect issues in real time
- Prove LEED points with data

Reduce Operational Stressors
- Monitor performance 24/7
- Set alert parameters and permissions
- Pinpoint peak usage and hours
Connect a Better Experience
- Keep faucets working and staff on task
- Create a cleaner, smarter restroom
- Leave a positive user impression

Connected Battery Z6950 Series Sensor Faucet

Rough-In Dimensions/Overview Dimensions

Z6950-XL-S-W2

Z6955-XL-S-W2

Faucet includes four AA batteries with a 4-year life.
Endpoint includes four AA batteries with a 4-year life.

FLOW RATES	
-E	1.5 gpm [5.7 Lpm] Aerator
-F	0.5 gpm [1.9 Lpm] Non-Aerated

Zurn Gateway

| GATEWAY MODEL NUMBERS	
-LTE	ZGW-LORA-W1-LTE
-Ethernet	ZGW-LORA-W1-ETH

How It Works

Using sensors, Zurn Connected Faucets monitor performance and offer insights by gathering data, such as activations and water usage. The data collected gets communicated from the sensor to the Zurn Gateway. From there, the LAN or LTE* connection transports the product data to a secure Zurn Cloud. The secure Zurn Cloud analyzes your data to deliver real-time insights to plumbSMART**.

Facilities managers and maintenance personnel can receive alerts via email, text and/or push notifications based on their customizable parameters and permissions. The portal also reveals patterns and trends to allow for a deeper dive.

Install the Zurn Gateway within 1,000 feet from the connected product. Register the connected product in plumbSMART. The Zurn Gateway and plumbSMART can support your entire Zurn Connected Products portfolio.

 *LTE charges will apply to basic plans

**plumbSMART is free-to-connect to a basic plan with an option to upgrade to a premium plan*
