New and Innovative Products

Aqua-FIT® Modular Sensor Faucet Serio Series™

The Z6950-XL Aqua-FIT Sensor Faucet offers new patent-pending Flexible Installation Technology, making retrofit upgrades simple and cost effective. With just one simple tool, you can replace the faucet spout or change to a completely new design without having to work below the deck.

Patented and Patents Pending

EZCarry® High Performance Carrier System

The EZCarry high performance water closet carrier system is a revolutionary product. This new IAPMO listed family of carriers is designed to propel waste up to three times farther than any carrier in the industry, while combining labor saving features and 500 lb. loading capabilities.

High Efficiency Toilet and Carrier System

Paired performance. Better together.

Zurn is the only manufacturer to offer a 1.1 gpf wall bowl system and a high efficiency carrier, providing a complete labor savings solution and added performance from rough-in through finish trim. This high efficiency restroom solution achieves an industry leading line carry that no other manufacturer can provide.
