

Model Z5003.02

Sundara® Drift Double Basin Hand Washing System

PATENT(S) PENDING

Product Description

Designed for modern commercial restrooms, the Sundara system delivers a superior user experience in both form and function. Crafted by world-class industrial designers Sundara combines seamless basin designs with curated faucets and soap dispensers, delivering a complete, easy to install hand washing solution.

Architect/Engineer Specification

Sundara® Drift double basin lavatory system manufactured by Zurn Industries. Lavatory shall be mounted at standard height to conform with ANSI, UFAS, TAS and ADA Accessibility Standards. Counter and integral basin to be constructed of Sundara® solid surface resin with aluminum trihydrate and other additives conforming to CSAB45.5/Z124 and IGC 156 standards. Shroud enclosure is constructed of satin finished type 304, 18 gage stainless steel designed for easy access with vandal resistant hardware. Lavatory is furnished complete with 0.5 gpm flow sensor operated faucet (specify model) and optional liquid soap dispenser (specify model), ½” quarter turn supply stops, 3/8” flexible supply risers, chrome 1 ¼” tail piece, and chrome 1 ¼” p-trap for complete system operation.

Product Features

- Sundara® engineered solid surface
- Available in multiple colors
- Matched soap and faucet options
- Stainless steel ADA compliant shroud
- Non-splash basin design
- Left or right side integrated soap hole
- Zurn One orders include all required components for installation and Z8701-9LC-PC P trap along with Z8800-XL-LR-8860-16-PC supply kit with 16” flexible supplies
- Provided with chrome finish faucet, soap dispenser and grid drain. Available in alternate finishes
- Provided with mounting bracket and wall bracket with necessary hardware for ease of installation
- Integral overflow

Standards Compliance

- ADA Compliant
- Lead Free Compliant
- CSA B45.5 / IAPMO Z124
- IAPMO IGC 156
- Texas Accessibility Standard (TAS)
